### **PR**

Sorry to be a bore but the PR crews have done a good job and we hope that these roads can be used again. Noise and driving standards **will be checked on throughout the night in the sensitive areas**. I wish all competitors a safe night's motor sport and do not wish to disqualify any competitor unfairly. All the Marshals have the authority to fairly disqualify a competitor for excessive noise. I have given an undertaking to some residents along the route so that this event can give you enjoyment without disturbing them (I hope).

Results will be available via <https://www.rallies.info/res.php?e=442>
